

know the ins & outs

CURBSIDE RECYCLING

When will I start curbside recycling?

- The day of the week that your garbage/recycling is collected will not change.
- Find your home on the map to determine which week you will have your first recycling pick-up and your next garbage pick-up.
- From that point on, you will alternate each week between putting out your blue cart and your black cart.
- Need more help with your schedule? For calendars and reminders visit curbside.lethbridge.ca/wastewizard.

Your weekly collection day will not change.
